Contracting Officer Representative (COR) for the contract, and Invoice Approving Official for orders issued by DOE HQ:

U.S. Department of Energy  
ATTN: SO-313/William K. Devany  
19901 Germantown Road  
Germantown MD 20874  
Ph. (301) 903-4642/FAX (301) 903-4601

Note: Any other SO-313 Invoice Approving Official may act for the COR in the absence of the COR for invoice approval only; not as an alternate Contracting Officer's Representative. This applies to orders issued through DOE Headquarters only. All contract users shall use the COR as the point of contact for technical matters relating to the contract unless the matter is a product-related question more appropriately directed to the Contractor.

**B.5 Continuation of Blocks 19 Through 24 - SCHEDULE OF SUPPLIES/SERVICES, QUANTITY, UNIT, UNIT PRICE AND AMOUNT.**

**SCHEDULE OF PRODUCTS AND PRICES**

**Summary.** This is an Indefinite Delivery/Indefinite Quantity contract for which all Department of Energy (DOE) activities and organizations, including DOE contractors and subcontractors authorized as required below, may place delivery orders directly, quickly and easily. See Attachment A, Product Schedule, and Attachment B, Services Schedule. DOE Federal organizations need only obtain an Authorization Number by telephone from the Contractor prior to placing orders in excess of \$25,000.00. Orders below that amount do not require Authorization Numbers; nor do orders placed via DOE's electronic purchasing system, EC Web. **Government Purchase Card Delivery Orders are acceptable.** An automatic pricing/product substitution update process, detailed below, is included to keep the contract product and price Schedule current to market conditions. The Contractor shall maintain a current Schedule, including all active Update Letters, on the Internet.

The Government has the right to acquire the computer (ADP) equipment and software listed in Attachment A, Product Schedule, via Delivery Orders, or Attachment B, Services Schedule, by

Task Orders issued on a Firm Fixed Price basis, at the indicated fixed Direct Productive Labor Hour (DPLH) labor rates by category, during the period of performance of this contract. NOTE: All product prices are F.O.B. Destination (Attachment C, Clause 12) to locations within the Washington DC metropolitan area. Additional shipping charges may apply for some items to other locations; contact the contractor prior to placing orders.

Software provided shall be in the version specified in the Delivery Order or the most current version available in the commercial marketplace if not specified. The prices and products included in this contract shall be modified periodically by contract amendment in accordance with the Update Letter process outlined below, which is applicable only to Attachment A, Products.

## **STATEMENT OF WORK**

### **1.0 Introduction/Background**

#### **2.0 Scope**

#### **3.0 Applicable Documents**

#### **4.0 Performance Requirements**

#### **5.0 Notes**

#### **6.0 Glossary**

### **1.0 Introduction/Background**

The Chief Information Officer within the Department of Energy is responsible for efforts to:

- \* Improve DOE's Department-wide information technology (IT) interoperability
- \* Measure and reduce IT services costs
- \* Increase the use of new, evolving IT to improve operational efficiency and effectiveness

The specific CIO goals to be addressed during the period of performance for this contract include:

- \* Developing and implementing strategies to ensure a consistent department-wide IT infrastructure
- \* Establishing management processes and guidelines to ensure efficient use of IT resources promoting the effective use of electronic information modes, evolving technologies and knowledge management technologies

### **2.0 Scope**

The contractor shall provide expert consultation based on lessons learned from support provided to other Federal organizations, as well as knowledge of government and industry best practices.

The scope of this contract has two distinct components:

A. Acquisition of ADP Hardware and Software and Telecommunication Resources and

B. Providing Information Technology Support Services

**Part A. Acquisition of ADP Hardware and Software and Telecommunication Resources**

The purpose of this contract is to acquire the supplies set forth in the contract Product Schedule, Attachment A, as updated throughout the life of the contract by the issuance of Schedule Update Letters as authorized. The purpose of this contract is to support, maintain, upgrade and expand DOE's current installed base of ADP and telecommunications equipment and compatible software at DOE facilities nationwide. Minimum software compatibility requirements vary with equipment type, such as, but not limited to, MS-DOS version 5.0 or higher, Windows NT, Novell Netware, Apple Macintosh OS 7 or higher, Solaris Unix OS and the full suite of anti-virus systems developed by Trend Micro, Symantec (formally Norton), and McAfee. Related products by such manufacturers as, but not limited to, include Cisco, Nortel, Verizon, Verizon Wireless, AT&T, AT&T Wireless, ARCH Communications, SkyTel and Meridan. The contract shall support direct interface between ASRC Aerospace Corporation and DOE Headquarters and Field Activities providing a streamlined process for ordering and timely acquisition of required goods. ASRC Aerospace shall register with the EC Web System to enable designated Department of Energy Officials the ability to perform on-line ordering of hardware, software and telecommunication products. On-line access to the Schedules is required.

**Part B. Information Technology Support Services**

ASRC Aerospace Corporation will provide the Department of Energy services on a periodic basis, via Fixed Price task order, to include system engineering, hardware and software installation, on-site maintenance support, system management and training to comply with this statement of objectives and Attachment B, Services Schedule.

The purpose of this acquisition is to provide periodic Telecommunications Services to include system engineering, hardware and software installation, on-site maintenance and support, systems management and training. This contract will be used by Headquarters DOE, and potential locations encompass all DOE sites nation-wide, including field Area and operations offices, DOE facilities operated by management and Operating (M&O) contractors, Power Administrations, and Laboratories.

The scope of this acquisition is to provide periodic telecommunications services in conformance to specific DOE program requirements to include personnel support for designing, documenting, programming, implementing, managing, maintaining, and supporting local and wide area networks (LANs and WANs); video equipment and systems; switched voice communication networks; and providing hardware and software to implement the DOE program requirements. Work performed will comply with DOE's agency-wide information architecture unless specifically waived by the DOE Chief Officer or a designee.

**2.1 Types of Work**

The Contractor shall provide all of the personnel required to perform the tasks described in a given project's statement of work. The types of work which may be included in a given delivery or task order are:

- \* Development and implementation of IT policy and procedures
- \* Assist with strengthening business and management processes
- \* Execute management reform on standardization of IT applications, including:
  - \* Hardware
  - \* Software
- \* Integration of procurement, financial and human resource systems
- \* Identifying opportunities in knowledge management
- \* Expand utility of DOE's Working Capital Fund
- \* Assisting in IT investment management
- \* Assisting in developing information architecture program
- \* Analyzing budget expenditures
- \* Recommendations on financial management systems
- \* Assisting with resource management, records management and information systems
- \* Assist with briefings, presentations, reference and issue papers
- \* Re-engineering processes
- \* Reselling of computer hardware/software to the federal and contractor employees of the DOE.

## **2.2 Period of Performance**

The period of performance for this task order will be five (5) years from the date of award of the contract.

## **2.3 Place of Performance**

DOE will provide access to the DOE Headquarters in Germantown, MD and other DOE facilities for contractor personnel to meet with DOE representatives on a regular basis and to perform their assigned tasks.

## **2.4 DOE's Technical Monitor**

The Department's Technical Monitor/technical Point of Contact will be DOE Personnel assigned at the time the task order is developed. The COR on the contract is William K. Devany.

o Phone: (301) 903-5445

o URL: [william.devany@hq.doe.gov](mailto:william.devany@hq.doe.gov)

## **3.0 Applicable Documents**

U.S. Department of Energy, [www.doe.gov](http://www.doe.gov) and subordinate Web sites for information about the mission, goals and objectives of DOE and the CIO.

## **4.0 Performance Requirements**

Performance Requirements will be identified in each delivery or task order at issuance. When taken together the following elements constitute a performance requirement:

\* Performance Objective - A statement of the outcome or results expected in a specific task area.

\* Performance Objectives - The critical few characteristics or aspects of achieving the objective that will be monitored by the government, those things that the government will be gathering data about. Each objective may have one or more measures. The DOE Technical Monitor will select performance measures for each specific Task Assignment issued under this task order.

\* Performance Expectations - The targeted level or range of levels of performance for each performance measure will constitute the performance expectation. The Technical Monitor will identify the performance expectations for each performance measure identified in the task assignment.

Task Area 1 - Implement Initial Operating Capability

Performance Objective No. 1.1 - When assigned, the Contractor shall develop quality assurance and quality control plans.

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	The plans are clear and in compliance with SOW
2. Efficiency	The plans are user friendly and facilitate implementation
3. Effectiveness	The plans ensure the high quality of the project's products.
4. Timeliness	The plans were completed according to the project schedule
5. Quality	The plans are state of the art quality

Performance Objective No. 1.2 - Implement Developed Capabilities.

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	All developed Products are implemented
2. Efficiency	All developed Products implemented at minimum costs
3. Effectiveness	All developed Products provide services in compliance with SOW
4. Timeliness	All developed Products implemented according to project schedule
5. Quality	Implementation achieved using state of the art methods

Performance Objective No. 1.3 -Develop remaining Capabilities.

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	All remaining Products are implemented
2. Efficiency	All remaining products implemented at minimum costs
3. Effectiveness	All remaining products provide services in compliance with SOW

- 4. Timeliness All developed products implemented according to project schedule
- 5. Quality Implementation achieved using state of the art methods

Performance Objective No. 1.4 - Design and develop Reports.

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	Reports cover all of the requirements of the SOW
2. Efficiency	Reports are designed and developed at or under planned costs
3. Effectiveness	Reports provide meaningful information in compliance with SOW
4. Timeliness	All developed reports implemented according to project schedule
5. Quality	Implementation achieved using state of the art methods

Performance Objective No. 1.5 - Provide User Support and Training.

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	User is provided all of the tools to perform efficiently/effectively
2. Efficiency	The training/support are provided in a cost efficient manner
3. Effectiveness	The training/support enables the user's to use the system as it was intended
4. Timeliness	The training/support is provided to meet project and daily work schedules
5. Quality	The training/support is provided using state of the art methods

Task Area 2 - Design, Develop, and Implement Systems

Performance Objective No. 2.1 - Design Systems

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	The interface is designed to provide all information to run the new system
2. Efficiency	The interface is designed to optimize the speed of information flow
3. Effectiveness	The interface is designed to enable users to perform their required tasks
4. Timeliness	The interface is designed to provide required information when needed
5. Quality	The interface is designed to utilize state of the art methods

Performance Objective No. 2.2 - Convert modules to Interface with new System.

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	All required modules are converted to interface with the new System
2. Efficiency	All required modules are converted to interface with new System under cost
3. Effectiveness	The module conversion enables users to perform all required tasks
4. Timeliness	The modules are converted to enable users to obtain information

- when needed
5. Quality The module conversion utilizes state of the art methods

Performance Objective No. 2.3 - Revise User Guide.

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	All System changes are incorporated in the updated user's guide
2. Efficiency	The changes are made at or under cost
3. Effectiveness	The revision provides the user with a user-friendly comprehensive guide
4. Timeliness	The revision is implemented according to the project schedule
5. Quality	The changes are made using state of the art methods

Performance Objective No. 2.4 - Provide User Support, Training, and Maintenance

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	All required user support/training/maintenance are provided by the Contractor
2. Efficiency	All required user support/training/maintenance provided at or under cost
3. Effectiveness	User support/training/maintenance enables the user to perform all of their tasks
4. Timeliness	All user support/training/maintenance are provided when needed
6. Quality	All required user support/training/maintenance use state of the art methods

Performance Objective No. 2.5 - ODC's - Hardware and Software.

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	All needed hardware/software to run new System are acquired by the contractor
2. Efficiency	All required hardware/software are acquired at the lowest possible cost
3. Effectiveness	All acquired hardware/software enables the user to perform their required tasks
4. Timeliness	All hardware/software is acquired according to the project schedule
5. Quality	All hardware/software purchases are made using available state of the art methods

Task Area 3 - Future Enhancements

Performance Objective No. 3.1 - Design System Interfaces.

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	All system interface enhancements are implemented according to the project plan

- 2. Efficiency All system interface enhancements are implemented at or under cost
- 3. Effectiveness All system interface enhancements add value to enable the user to perform their tasks
- 4. Timeliness All system interface enhancements add value to enable the user to perform efficiently
- 6. Quality All system interface enhancements use available state of the art methods

Performance Objective No. 3.2 - Design, Develop, and Implement Reports.

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	The design/development/implementation of the reports are in compliance with SOW
2. Efficiency	The reports were produced at or under cost
3. Effectiveness	The reports enable the user to perform their jobs efficiently and effectively
4. Timeliness	The reports were produced within the project schedule
5. Quality	The reports were produced using state of the art technology

Performance Objective No. 3.3 - Enhance new System and Manage Changes.

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	All changes to the project are done in compliance with the statement of work
2. Efficiency	All changes to the project are done at or under planned cost
3. Effectiveness	The changes to the project enable the user to perform their task more efficiently
4. Timeliness	The changes were produced within the project schedule
6. Quality	The changes were implemented using state of the art technology

Performance Objective No. 3.4 - Provide User Support, Training and Maintenance

<u>Performance Measures</u>	<u>Performance Expectations</u>
1. Completeness	User support, training and maintenance are done in compliance with the SOW
2. Efficiency	User support, training and maintenance are done at or under planned cost
3. Effectiveness	User support, training and maintenance enable the user to perform more efficiently
4. Timeliness	User support, training and maintenance were done within the project schedule
5. Quality	User support, training and maintenance utilized state of the art technology

Task Area 4 - Performance Management/Quality Assurance

Performance Objective No. 4.1 - The Contractor shall prepare monthly status reports that summarize the activities completed during each reporting period and a self assessment of performance against the objectives, measures and expectations. The reports shall include copies of any work products produced during the reporting period.

<u>Performance Measures</u>	<u>Performance Expectations</u>
a) Reports	
--Completeness	All information required to perform task
--Accuracy	100%
--Timeliness	Within 5 workdays prior to end of the accounting cycle
b) Self Assessment	
--Meeting performance requirements	100%
c) Government's Validation of Contractor Assessment	100%

Performance Objective 4.2 - The Contractor shall meet with the Client's representative or technical monitor to review the Self-Assessment, compare it to the Government validation of the assessment, identify areas for improvement, and identify approaches for improvement.

**B.6 PRICE/PRODUCT UPDATE PROCESS (UPDATE LETTERS).**

This procedure is intended to enable the Government to take advantage of rapid marketplace changes which are clearly to its benefit without the delay required for formal proposal submission and contract modification. Five types of Schedule revisions by Update Letter are provided for in the contract:

<u>Type of Revision</u>	<u>Description</u>
Price Decrease	Price reduction on unchanged item.
Product Substitution	Product replacement by newer version at no change in existing price.
Product Discontinuance	Product discontinued without immediate replacement, to be used if no replacement is immediately available.
Engineering Change	Product enhancement, at equal or greater capability, but also with a potential price change, either up or down. Any price increase must be authorized by the COR and must carry the negotiated markup of <u>10.416%</u> above cost of the item to ASRC.
New Product	Addition of a new product at the negotiated markup of <u>10.416%</u> above cost to the contractor of the item.

For maximum contract flexibility and currency, this clause establishes the following expedited update process and modifies Attachment C, Clause 19, Modification Authority, accordingly. The Contractor is authorized to issue serially-numbered Schedule Update Letters implementing

any of the above commercial marketplace changes as they occur after obtaining the COR's concurrence in the change. This exchange may be verbal or written, at COR discretion.

Letter issuance shall be at appropriate intervals, to be determined by the Contractor in consultation with the COR and the Contracting Officer (CO), both of whom shall receive copies of all Letters upon issuance (see Attachment D, Reporting Requirements). Letter issuance shall be timely in order to accomplish the purpose of the process. Each Letter shall also include the most current contract update modification number, with which it—and other Letters issued since that Modification--may be combined for the most current contract Schedule.

The contract shall be modified periodically to update both products and prices, and each such modification shall include the number of latest Schedule Update Letter Number superseded by that modification.

#### **B.7 CONTRACTOR/SUBCONTRACTOR CONTRACT USE AUTHORIZATION.**

Delivery Orders or Task Orders (referred to as 'orders' in this clause) issued under this contract shall be authorized only by a DOE Contracting Officer or a DOE contractor official authorized in accordance with the procedure established by this clause.

(a) This is an Indefinite Delivery/Indefinite Quantity contract under which Department of Energy (DOE) organizations and authorized contractors, including Management and Operating (M&O) contractors and DOE subcontractors, may place Delivery Orders or Task Orders directly with the Contractor, subject to the following conditions:

(1) Non-Headquarters DOE organizations utilizing this contract assume full administrative responsibility for any order issued by their activity. This responsibility includes, but is not limited to, order issuance, acceptance, payment, resolution of disputes and closeout upon completion. There are no prescribed forms or formats for order issuance for authorized contractors and/or subcontractors; they should use their customary forms and formats. DOE Contracting Officers placing orders shall use the Standard Form 1449, Solicitation/Contract/Order for Commercial Items.

(2) After receiving written authorization from their cognizant DOE Contracting Office pursuant to FAR Part 51 and DEAR Part 951, as appropriate, DOE contractors, including M&O contractors, working under cost-reimbursement-type prime contracts may place orders against this contract. In authorizing contractor use the cognizant DOE Contracting Officer (CO) shall comply with the requirements of FAR 51.102. All authorizations to contractors shall expressly and specifically reference the restriction regarding contractor use of the items acquired, cited at DEAR 951.102(e)(4)(iii). **IMPORTANT NOTICE: The former requirement specifies that Contractor/Subcontractor use of this contract vehicle may only be for requirements associated with their performance of DOE contracts and/or subcontracts.**

(3) This **Delivery Order Authorization** clause satisfies the requirement at FAR 51.102(c)(5) for the cognizant DOE CO to obtain prior approval to authorize contractor access to this contract. The authorization letter issued to the contractor shall contain all applicable information otherwise required under FAR 51.102(d) and (e).

(4) The DOE CO shall provide a copy of each authorization letter issued to the following address, by either mail or fax:

U.S. Department of Energy  
Headquarters Procurement Services  
ATTN: MA-541.1/Thornton  
1000 Independence Avenue, S.W.  
Washington, DC 20585  
Ph. (202) 287-1532/Fax (202) 287-1456/1457

(b) For maximum ease of use, non-Headquarters DOE organizations and authorized contractors need only obtain an Authorization Number by telephone or facsimile from the Contractor prior to award of an order. No Authorization Number will be issued to a DOE contractor or subcontractor unless the request is accompanied by a copy of the authorization letter cited above, or the letter is already on file with the Contractor. The Authorization Number shall include the following information and be formatted as follows:

<u>Contract ID</u>	<u>FY</u>	<u>Ordering Organization No.</u>	<u>Order Serial Number</u>
ASRC	XX	XX	XXXX

Sample Authorization Number: **ASRC-01-01-0001**: ASRC is the permanent Contract ID; FY 01 indicates U.S. Government Fiscal Year 2001 (October 1, 2000-September 30, 2002); Ordering Organization Number 01 indicates DOE Headquarters (see Attachment E, DOE Ordering Activity Designations), with contractor designations as assigned by ASRC upon receipt of Authorization Letters from their DOE Contracting Officers; the serial number is the number of that order in an overall cumulative list of all orders processed under the contract and is maintained by ASRC.

(c) Each written order issued shall include the assigned Authorization Number. The Contractor shall not process any order under this contract for which no Authorization Number is assigned.

(d) Only DOE Contracting Officers and duly appointed ordering officers of authorized contractors can award Delivery Orders under this contract. For contractors, designation of ordering officers shall be in accordance with the contractor's established procurement procedures.

(e) All prices in Attachment A are inclusive of all transportation and delivery costs for delivery orders placed directly by Government agencies and organizations in the Washington DC metropolitan area. Additional shipping charges may apply for deliveries outside this area.

**NOTE:** In accordance with FAR 51.107, the clause at FAR 52.251-1 shall be included in all contracts and solicitations when the Contracting Officer may authorize the contractor to acquire supplies or services from a Government supply source. Contracts that do not currently include this clause shall be modified to add it before the cognizant DOE CO may authorize the contractor to issue orders under this contract.

**SAMPLE AUTHORIZATION LETTER:**

Contractor Name

Attn: \_\_\_\_\_

Contractor Address

Contractor Address

Subject: Contract No. \_\_\_\_\_, Authorization Letter - Authorization to Use Government Supply Source

Dear Mr./Ms. \_\_\_\_\_

In accordance with Federal Acquisition Regulation Part 51, Use of Government Sources by Contractors, you are hereby authorized access to the following Department of Energy (DOE) Indefinite Delivery Indefinite Quantity (ID/IQ) contract:

Contract Number: DE-AM01-01SO30220

Contractor: (Company Name)

Effective immediately, and continuing until the expiration of your contract on (insert date), you are authorized to place orders directly with this Contractor. All such orders are subject to the requirements and limitations of your contract number \_\_\_\_\_, the Delivery Order Authorization clause of the subject ID/IQ contract, and the following administrative restrictions:

(author shall insert any limitations considered necessary for its circumstances)

The Delivery Order Authorization clause referenced above requires that you obtain an Authorization Number from ASRC prior to the award of an order, and an Ordering Organization Number if your firm has not already been assigned one by ASRC.

In accordance with Department of Energy Acquisition Regulation 951.102(e)(4)(iii), the materials, supplies and equipment acquired under the procedures described herein must be used exclusively in connection with Government work, except as otherwise authorized by the Head of the Contracting Activity.

Questions concerning any aspect of this Authorization Letter should be directed to \_\_\_\_\_, at (xxx) xxx-xxxx.

(closing, as appropriate)

## **B.8 PERIOD OF PERFORMANCE (APR 1984)**

The period of performance for this contract shall be 60 months from the date of the contract. The Government has the right to issue delivery or task orders, including those placed by Government purchase card, through this date. This may involve performance beyond the contract completion date, including reports.

## **SECTION C CONTRACT CLAUSES**

### **C.1 CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (FAR 52.212-4) (MAR 2001)**

**(a) Inspection/Acceptance.** The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or re-performance of nonconforming services at no increase in contract price. The Government must exercise its post-acceptance rights -

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

**(b) Assignment.** The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Government-wide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

**(c) Changes.** Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

**(d) Disputes.** This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

**(e) Definitions.** The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

**(f) Excusable delays.** The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**(g) Invoice.** The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized,) to the address designated in the contract to receive invoices. An invoice must include -

- (1) Name and address of the Contractor;
- (2) Invoice date;
- (3) Contract number, contract line item number and, if applicable, the order number;
- (4) Description, quantity, unit of measure, unit price and extended price of the items delivered;
- (5) Shipping number and date of shipment including the bill of lading number and weight of shipment if shipped on Government bill of lading;
- (6) Terms of any prompt payment discount offered;
- (7) Name and address of official to whom payment is to be sent; and
- (8) Name, title, and phone number of person to be notified in event of defective invoice.

Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125, Prompt Payment. Contractors are encouraged to assign an identification number to each invoice.

**(h) Patent indemnity.** The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or

copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

**(i) Payment.** Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125, Prompt Payment. If the Government makes payment by Electronic Funds Transfer (EFT), see 52.212-5(b) for the appropriate EFT clause. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

**(j) Risk of loss.** Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

- (1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or
- (2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

**(k) Taxes.** The contract price includes all applicable Federal, State, and local taxes and duties.

**(l) Termination for the Government's convenience.** The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

**(m) Termination for cause.** The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law.

If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

**(n) Title.** Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

**(o) Warranty.** The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

**(p) Limitation of liability.** Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

**(q) Other compliances.** The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

**(r) Compliance with laws unique to Government contracts.** The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 327, *et seq.*, Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistle-blower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. 423 relating to procurement integrity.

**(s) Order of precedence.** Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

- (1) The schedule of supplies/services.
- (2) The Assignments, Disputes, Payments, Invoice, Other Compliances, and Compliance with Laws Unique to Government Contracts paragraphs of this clause.
- (3) The clause at 52.212-5.
- (4) Addenda to this solicitation or contract, including any license agreements for computer software.
- (5) Solicitation provisions if this is a solicitation.
- (6) Other paragraphs of this clause.
- (7) The Standard Form 1449.
- (8) Other documents, exhibits, and attachments.
- (9) The specification.

(End of clause)

## C.2. CONTRACT TERMS AND CONDITIONS REQUIRED TO IMPLEMENT

**STATUTES OR EXECUTIVE ORDERS - COMMERCIAL ITEMS  
(FAR 52.212-5) (MAR 2001)**

(a) The Contractor shall comply with the following FAR clauses, which are incorporated in this contract by reference, to implement provisions of law or executive orders applicable to acquisitions of commercial items:

- (1) 52.222-3, Convict Labor (E.O. 11755).
- (2) 52.233-3, Protest after Award (31 U.S.C. 3553).

(b) The Contractor shall comply with the FAR clauses in this paragraph (b) that the Contracting Officer has indicated as being incorporated in this contract by reference to implement provisions of law or Executive orders applicable to acquisitions of commercial items or components:

*[Contracting Officer shall check as appropriate.]*

(1) 52.203-6, Restrictions on Subcontractor Sales to the Government, with Alternate I (41 U.S.C. 253g and 10 U.S.C. 2402).

(2) 52.219-3, Notice of Total HUBZone Small Business Set-Aside (Jan 1999).

(3) 52.219-4, Notice of Price Evaluation Preference for HUBZone Small Business Concerns (Jan 1999) (if the offeror elects to waive the preference, it shall so indicate in its offer).

(4)(i) 52.219-5, Very Small Business Set-Aside (Pub. L. 103-403, section 304, Small Business Reauthorization and Amendments Act of 1994).

(ii) Alternate I to 52.219-5.

(iii) Alternate II to 52.219-5.

(5) 52.219-8, Utilization of Small Business Concerns (15 U.S.C. 637 (d) (2) and (3)).

(6) 52.219-9, Small Business Subcontracting Plan (15 U.S.C. 637(d) (4)).

(7) 52.219-14, Limitations on Subcontracting (15 U.S.C. 637(a) (14)).

(8) (i) 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns (Pub. L. 103-355, section 7102, and 10 U.S.C. 2323) (if the offeror elects to waive the adjustment, it shall so

indicate in its offer).

(ii)  Alternate I of 52.219-23.

(9) 52.219-25, Small Disadvantaged Business Participation Program - Disadvantaged Status and Reporting (Pub. L. 103-355, section 7102, and 10 U.S.C. 2323).

(10) 52.219-26, Small Disadvantaged Business Participation Program - Incentive Subcontracting (Pub. L. 103-355, section 7102, and 10 U.S.C. 2323).

(11) 52.222-21, Prohibition of Segregated Facilities (Feb 1999)

(12) 52.222-26, Equal Opportunity (E.O. 11246).

(13) 52.222-35, Affirmative Action for Disabled Veterans and Veterans of the Vietnam Era (38 U.S.C. 4212).

(14) 52.222-36, Affirmative Action for Workers with Disabilities (29 U.S.C. 793).

(15) 52.222-37, Employment Reports on Disabled Veterans and Veterans of the Vietnam Era (38 U.S.C. 4212).

(16) 52.222-19, Child Labor - Cooperation with Authorities and Remedies (E.O. 13126).

(17) (i) 52.223-9, Estimate of Percentage of Recovered Material Content for EPA-Designated Products (42 U.S.C. 6962(c) (3) (A) (ii)).

(ii) Alternate I of 52.223-9 (42 U.S.C. 6962(i) (2) (C)).

(18) 52.225-1, Buy American Act - Balance of Payments Program - Supplies (41 U.S.C. 10a - 10d).

(19) (i) 52.225-3, Buy American Act - North American

**DE-AM01-01SO30220**

Free Trade Agreement - Israeli Trade Act - Balance of Payments Program (41 U.S.C. 10a - 10d, 19 U.S.C. 3301 note, 19 U.S.C. 2112 note).

[ ] (ii) Alternate I of 52.225-3.

[ ] (iii) Alternate II of 52.225-3.

[ ] (20) 52.225-5, Trade Agreements (19 U.S.C. 2501, *et seq.*, 19 U.S.C. 3301 note).

[ X ] (21) 52.225-13, Restriction on Certain Foreign Purchases (E.O. 12722, 12724, 13059, 13067, 13121, and 13129).

[ X ] (22) 52.225-15, Sanctioned European Union Country End Products (E.O. 12849).

[ X ] (23) 52.225-16, Sanctioned European Union Country Services (E.O. 12849).

[ X ] (24) 52.232-33, Payment by Electronic Funds Transfer - Central Contractor Registration (31 U.S.C. 3332).

[ X ] (25) 52.232-34, Payment by Electronic Funds Transfer - Other than Central Contractor Registration (31 U.S.C. 3332).

[ ] (26) 52.232-36, Payment by Third Party (31 U.S.C. 3332).

[ ] (27) 52.239-1, Privacy or Security Safeguards (5 U.S.C. 552a).

[ ] (28) (i) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (46 U.S.C. 1241).

[ ] (ii) Alternate I of 52.247-64.

(c) The Contractor shall comply with the FAR clauses in this paragraph (c), applicable to commercial services, which the Contracting Officer has indicated as being incorporated in this contract by reference to implement provisions of law

or executive orders applicable to acquisitions of commercial items or components:

[ *Contracting Officer check as appropriate.*]

[ ] (1) 52.222-41, Service Contract Act of 1965, As Amended (41 U.S.C. 351, *et seq.*).

[ ] (2) 52.222-42, Statement of Equivalent Rates for Federal Hires (29 U.S.C. 206 and 41 U.S.C. 351, *et seq.*).

[ ] (3) 52.222-43, Fair Labor Standards Act and Service Contract Act - Price Adjustment (Multiple Year and Option Contracts) (29 U.S.C. 206 and 41 U.S.C. 351, *et seq.*).

[ ] (4) 52.222-44, Fair Labor Standards Act and Service Contract Act - Price Adjustment (29 U.S.C. 206 and 41 U.S.C. 351, *et seq.*).

[ ] (5) 52.222-47, SCA Minimum Wages and Fringe Benefits Applicable to Successor Contract Pursuant to Predecessor Contractor Collective Bargaining Agreement (CBA) (41 U.S.C. 351, *et seq.*).

[ ] (6) 52.222-50, Nondisplacement of Qualified Workers (Executive Order 12933).

(d) Comptroller General Examination of Record. The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at 52.215-2, Audit and Records - Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices

**DE-AM01-01SO30220**

at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c) or (d) of this clause, the Contractor is not required to include any FAR clause, other than those listed below (and as may be required by an addenda to this paragraph to establish the reasonableness of prices under Part 15), in a subcontract for commercial items or commercial components -

- (1) 52.222-26, Equal Opportunity (E.O. 11246);
- (2) 52.222-35, Affirmative Action for Disabled Veterans and Veterans of the Vietnam Era (38 U.S.C. 4212);
- (3) 52.222-36, Affirmative Action for Workers with Disabilities (29 U.S.C. 793);
- (4) 52.247-64, Preference for Privately-Owned U.S. Flag Commercial Vessels (46 U.S.C. 1241) (flow down not required for subcontracts awarded beginning May 1, 1996); and
- (5) 52.222-41, Service Contract Act of 1965, As Amended (41 U.S.C. 351, *et seq.*).

(End of clause)

**C.3 Electronic Funds Transfer Payment.**

In accordance with FAR.52.232-33, Mandatory Information for Electronic Funds Transfer Payment, which is hereby incorporated by reference, prior to submission of the first request for payment (invoice) under this order, the Contractor shall provide the information required to make payment by Electronic Funds Transfer (EFT) directly to the payment office at U.S. Department of Energy, Capital Accounting Center, Accounts Payable Division (CR-54), P.O. Box 500, Germantown, MD 20875-0500, (telephone number 301-903-4340; fax 301-903-5977). In addition, the Contractor shall provide the Taxpayer Identification Number (TIN) to the payment office. Copies of the Payment Information Form – ACH Vendor payment System and Request for Taxpayer Identification Number and Certification (Form W-9), if applicable, are attached to this order.

The Government is not required to make any payment under this order until after receipt, by the designated payment office, of the correct EFT information. Until receipt of the correct EFT information, any invoice submitted shall be deemed not to be a valid invoice as defined in the Prompt Payment clause. The payment office may return the invoice to the Contractor, without payment.

**E.1 OFFEROR REPRESENTATIONS AND CERTIFICATIONS - COMMERCIAL ITEMS (FAR 52.212-3)(MAY 2001)**

(a) Definitions. As used in this provision:

"Emerging small business" means a small business concern whose size is no greater than 50 percent of the numerical size standard for the NAICS code designated.

"Forced or indentured child labor" means all work or service -

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.

"Service-disabled veteran-owned small business concern" -

(1) Means a small business concern -

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

"Small business concern" means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and size standards in this solicitation.

"Veteran-owned small business concern" means a small business concern -

(1) Not less than 51 percent of which is owned by one or more veterans (as

**DE-AM01-01SO30220**

defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

"Women-owned small business concern" means a small business concern -

(1) That is at least 51 percent owned by one or more women; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

"Women-owned business concern" means a concern which is at least 51 percent owned by one or more women; or in the case of any publicly owned business, at least 51 percent of its stock is owned by one or more women; and whose management and daily business operations are controlled by one or more women.

**(b)** Taxpayer Identification Number (TIN) (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to a central contractor registration database to be eligible for award.)

(1) All offerors must submit the information required in paragraphs (b)(3) through (b)(5) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the Internal Revenue Service (IRS).

(2) The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the offeror's relationship with the Government (31 U.S.C. 7701(c)(3)). If the resulting contract is subject to the payment reporting requirements described in FAR 4.904, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror's TIN.

(3) Taxpayer Identification Number (TIN).

TIN:

TIN has been applied for.

TIN is not required because:

Offeror is a nonresident alien, foreign corporation, or foreign partnership that does not have income effectively connected with the

conduct of a trade or business in the United States and does not have an office or place of business or a fiscal paying agent in the United States;  
 Offeror is an agency or instrumentality of a foreign government;  
 Offeror is an agency or instrumentality of the Federal Government.

(4) Type of organization.

- Sole proprietorship;
- Partnership;
- Corporate entity (not tax-exempt);
- Corporate entity (tax-exempt);
- Government entity (Federal, State, or local);
- Foreign government;
- International organization per 26 CFR 1.6049-4;
- Other

(5) Common parent.

- Offeror is not owned or controlled by a common parent;
- Name and TIN of common parent:

(c) Offerors must complete the following representations when the resulting contract is to be performed inside the United States, its territories or possessions, Puerto Rico, the Trust Territory of the Pacific Islands, or the District of Columbia. Check all that apply.

(1) Small business concern. The offeror represents as part of its offer that it  is,  is not a small business concern.

(2) Veteran-owned small business concern. *[Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.]* The offeror represents as part of its offer that it  is,  is not a veteran-owned small business concern.

(3) Service-disabled veteran-owned small business concern. *[Complete only if the offeror represented itself as a veteran-owned small business concern in paragraph (c)(2) of this provision.]* The offeror represents as part of its offer that it  is,  is not a service-disabled veteran-owned small business concern.

(4) Small disadvantaged business concern. *[Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.]* The offeror represents, for general statistical purposes, that it  is,  is not a small disadvantaged business concern as defined in 13 CFR 124.1002.

(5) Women-owned small business concern. *[Complete only if the offeror*

*represented itself as a small business concern in paragraph (c)(1) of this provision.]* The offeror represents that it [ ] is, [ ] is not a women-owned small business concern.

Note: Complete paragraphs (c)(6) and (c)(7) only if this solicitation is expected to exceed the simplified acquisition threshold.

(6) Women-owned business concern (other than small business concern).  
[*Complete only if the offeror is a women-owned business concern and did not represent itself as a small business concern in paragraph (c)(1) of this provision.*] The offeror represents that it \* is a women-owned business concern.

(7) Tie bid priority for labor surplus area concerns. If this is an invitation for bid, small business offerors may identify the labor surplus areas in which costs to be incurred on account of manufacturing or production (by offeror or first-tier subcontractors) amount to more than 50 percent of the contract price: [ ]

(8) Small Business Size for the Small Business Competitiveness Demonstration Program and for the Targeted Industry Categories under the Small Business Competitiveness Demonstration Program. [Complete only if the offeror has represented itself to be a small business concern under the size standards for this solicitation.]

(i) [*Complete only for solicitations indicated in an addendum as being set-aside for emerging small businesses in one of the four designated industry groups (DIGs).*] The offeror represents as part of its offer that it \* is, \* is not an emerging small business.

(ii) [*Complete only for solicitations indicated in an addendum as being for one of the targeted industry categories (TICs) or four designated industry groups (DIGs).*] Offeror represents as follows:

(A) Offeror's number of employees for the past 12 months (check the Employees column if size standard stated in the solicitation is expressed in terms of number of employees); or

(B) Offeror's average annual gross revenue for the last 3 fiscal years (check the Average Annual Gross Number of Revenues column if size standard stated in the solicitation is expressed in terms of annual receipts).

(Check one of the following):

Average Annual Gross

Number of Employees	Revenues
<input type="checkbox"/> 50 or fewer	<input type="checkbox"/> \$1 million or less
<input type="checkbox"/> 51 - 100	<input type="checkbox"/> \$1,000,001 - \$2 million
<input type="checkbox"/> 101 - 250	<input type="checkbox"/> \$2,000,001 - \$3.5 million
<input type="checkbox"/> 251 - 500	<input type="checkbox"/> \$3,500,001 - \$5 million
<input type="checkbox"/> 501 - 750	<input type="checkbox"/> \$5,000,001 - \$10 million
<input type="checkbox"/> 751 - 1,000	<input type="checkbox"/> \$10,000,001 - \$17 million
<input type="checkbox"/> Over 1,000	<input type="checkbox"/> Over \$17 million

(9) [Complete only if the solicitation contains the clause at FAR 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns, or FAR 52.219-25, Small Disadvantaged Business Participation Program - Disadvantaged Status and Reporting, and the offeror desires a benefit based on its disadvantaged status.]

(i) General. The offeror represents that either -

(A) It  is,  is not certified by the Small Business Administration as a small disadvantaged business concern and identified, on the date of this representation, as a certified small disadvantaged business concern in the database maintained by the Small Business Administration (PRO-Net), and that no material change in disadvantaged ownership and control has occurred since its certification, and, where the concern is owned by one or more individuals claiming disadvantaged status, the net worth of each individual upon whom the certification is based does not exceed \$750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); or

(B) It  has,  has not submitted a completed application to the Small Business Administration or a Private Certifier to be certified as a small disadvantaged business concern in accordance with 13 CFR 124, Subpart B, and a decision on that application is pending, and that no material change in disadvantaged ownership and control has occurred since its application was submitted.

(ii) \* Joint Ventures under the Price Evaluation Adjustment for Small Disadvantaged Business Concerns. The offeror represents, as part of its offer, that it is a joint venture that complies with the requirements in 13 CFR 124.1002(f) and that the representation in paragraph (c)(7)(i) of this provision is accurate for the small disadvantaged business concern that is participating in the joint venture. *[The offeror shall enter the name of the*

*small disadvantaged business concern that is participating in the joint venture: \_\_\_\_\_.*]

(d) Representations required to implement provisions of Executive Order 11246 - (1) Previous contracts and compliance. The offeror represents that -

(i) It  has,  has not participated in a previous contract or subcontract subject to the Equal Opportunity clause of this solicitation; and

(ii) It  has,  has not filed all required compliance reports.

(2) Affirmative Action Compliance. The offeror represents that -

(i) It  has developed and has on file,  has not developed and does not have on file, at each establishment, affirmative action programs required by rules and regulations of the Secretary of Labor (41 CFR parts 60-1 and 60-2), or

(ii) It  has not previously had contracts subject to the written affirmative action programs requirement of the rules and regulations of the Secretary of Labor.

(e) Certification Regarding Payments to Influence Federal Transactions (31 U.S.C. 1352). (Applies only if the contract is expected to exceed \$100,000.) By submission of its offer, the offeror certifies to the best of its knowledge and belief that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress on his or her behalf in connection with the award of any resultant contract.

(f) Buy American Act - Balance of Payments Program Certificate. (Applies only if the clause at Federal Acquisition Regulation (FAR) 52.225-1, Buy American Act - Balance of Payments Program - Supplies, is included in this solicitation.)

(1) The offeror certifies that each end product, except those listed in paragraph (f)(2) of this provision, is a domestic end product as defined in the clause of this solicitation entitled "Buy American Act - Balance of Payments Program - Supplies" and that the offeror has considered components of unknown origin to have been mined, produced, or manufactured outside the United States. The offeror shall list as foreign end products those end products manufactured in the United States that do not qualify as domestic end products.

(2) Foreign End Products:

Line Item No Country of Origin  
[List as necessary]

(3) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25.

(g)(1) Buy American Act - North American Free Trade Agreement - Israeli Trade Act - Balance of Payments Program Certificate. (Applies only if the clause at FAR 52.225-3, Buy American Act - North American Free Trade Agreement - Israeli Trade Act - Balance of Payments Program, is included in this solicitation.)

(i) The offeror certifies that each end product, except those listed in paragraph (g)(1)(ii) or (g)(1)(iii) of this provision, is a domestic end product as defined in the clause of this solicitation entitled "Buy American Act - North American Free Trade Agreement - Israeli Trade Act - Balance of Payments Program" and that the offeror has considered components of unknown origin to have been mined, produced, or manufactured outside the United States.

(ii) The offeror certifies that the following supplies are NAFTA country end products or Israeli end products as defined in the clause of this solicitation entitled "Buy American Act - North American Free Trade Agreement - Israeli Trade Act - Balance of Payments Program":

NAFTA Country or Israeli End Products:

Line Item No Country of Origin  
[List as necessary]

(iii) The offeror shall list those supplies that are foreign end products (other than those listed in paragraph (g)(1)(ii) of this provision) as defined in the clause of this solicitation entitled "Buy American Act - North American Free Trade Agreement - Israeli Trade Act - Balance of Payments Program." The offeror shall list as other foreign end products those end products manufactured in the United States that do not qualify as domestic end products.

Other Foreign End Products:

Line Item No Country of Origin

[List as necessary]

(iv) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25.

(2) Buy American Act - North American Free Trade Agreements - Israeli Trade Act - Balance of Payments Program Certificate, Alternate I (Feb 2000). If Alternate I to the clause at FAR 52.225-3 is included in this solicitation, substitute the following paragraph (g)(1)(ii) for paragraph (g)(1)(ii) of the basic provision:

(g)(1)(ii) The offeror certifies that the following supplies are Canadian end products as defined in the clause of this solicitation entitled "Buy American Act - North American Free Trade Agreement - Israeli Trade Act - Balance of Payments Program":

Canadian End Products:

Line Item No.

[List as necessary]

(3) Buy American Act - North American Free Trade Agreements - Israeli Trade Act - Balance of Payments Program Certificate, Alternate II (Feb 2000). If Alternate II to the clause at FAR 52.225-3 is included in this solicitation, substitute the following paragraph (g)(1)(ii) for paragraph (g)(1)(ii) of the basic provision:

(g)(1)(ii) The offeror certifies that the following supplies are Canadian end products or Israeli end products as defined in the clause of this solicitation entitled "Buy American Act - North American Free Trade Agreement - Israeli Trade Act - Balance of Payments Program":

Canadian or Israeli End Products:

Line Item No Country of Origin

[List as necessary]

(4) Trade Agreements Certificate. (Applies only if the clause at FAR 52.225-5, Trade Agreements, is included in this solicitation.)

(i) The offeror certifies that each end product, except those listed in paragraph (g)(4)(ii) of this provision, is a U.S.-made, designated country, Caribbean Basin country, or NAFTA country end product, as defined in

the clause of this solicitation entitled "Trade Agreements."

(ii) The offeror shall list as other end products those end products that are not U.S.-made, designated country, Caribbean Basin country, or NAFTA country end products.

Other End Products:

Line Item No Country of Origin  
[List as necessary]

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items subject to the Trade Agreements Act, the Government will evaluate offers of U.S.-made, designated country, Caribbean Basin country, or NAFTA country end products without regard to the restrictions of the Buy American Act or the Balance of Payments Program. The Government will consider for award only offers of U.S.-made, designated country, Caribbean Basin country, or NAFTA country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Debarment, Suspension or Ineligibility for Award (Executive Order 12549). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that -

(1) The offeror and/or any of its principals  are,  are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2)  Have,  have not, within the three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property;

(3)  Are,  are not presently indicted for, or otherwise criminally or civilly charged by a government entity with, commission of any of these offenses; and

(4)(i) The offeror, aside from the offenses enumerated in paragraphs (1), (2), and

(3) of this paragraph (h), [ ] has [ ] has not within the past three years, relative to tax, labor and employment, environmental, antitrust, or consumer protection laws

(A) Been convicted of a Federal or state felony (or has any Federal or state felony indictments currently pending against them); or

(B) Had a Federal court judgment in a civil case brought by the United States rendered against them; or

(C) Had an adverse decision by a Federal administrative law judge, board, or commission indicating a willful violation of law.

(ii) If the offeror has responded affirmatively, the offeror shall provide additional information requested by the Contracting Officer.

(i) Certification Regarding Debarment, Suspension or Ineligibility for Award (Executive Order 12549). The offeror certifies, to the best of its knowledge and belief, that--

(1) The offeror and/or any of its principals [ ] are, [ ] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency; and

(2) [ ] Have, [ ] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and [ ] are, [ ] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses.

(j) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [*The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).*]

(1) Listed end products.

Listed End Product [ ]

Listed Countries of Origin [ ]

(2) Certification. [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]

(i) The offeror will not supply any end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product.

(ii) The offeror may supply an end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any such end product furnished under this contract. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

**1. SECTION 8(A) DIRECT AWARD (JUN 1998) (DEVIATION) (FAR 52.219-70)  
(JUN 1998)**

(a) This contract is issued as a direct award document between the contracting activity and the 8(a) contractor pursuant to a Memorandum of Understanding between the Small Business Administration (SBA) and the Department of Energy (DOE). SBA retains responsibility for 8(a) certification, 8(a) eligibility determinations and related issues, and providing counseling and assistance to the 8(a) contractor under the 8(a) program. The cognizant SBA district office is:

Small Business Administration  
Anchorage District Office  
222 West 8<sup>th</sup> Avenue #67  
Anchorage AK 99513-7559

(b) DOE is responsible for administering the contract and taking any action on behalf of the Government under the terms and conditions of the contract. However, DOE shall give

advance notice to the SBA before it issues a final notice terminating performance, either in whole or in part, under the contract. DOE shall also coordinate with SBA prior to processing any novation agreement. DOE may assign contract administration functions to a contract administration office.

(c) The Contractor agrees:

(1) to notify the Contracting Officer, simultaneously with its notification to SBA (as required by SBA's 8(a) regulations), when the owner or owners upon whom 8(a) eligibility is based plan to relinquish ownership or control of the concern. Consistent with 15 U.S.C. 637 (a)(21), transfer of ownership or control shall result in the termination of the contract for convenience, unless SBA waives the requirement for termination prior to the actual relinquishing of ownership or control.

(2) to adhere to the requirements of 52.219-14, Limitations on Subcontracting.

## **2. MINIMUM, ESTIMATED AND MAXIMUM QUANTITIES**

(a) Upon the receipt of delivery orders issued by the authorized DOE Contracting Officer, the contractor shall deliver the ordered products within the following minimums and maximums: a minimum of \$1,000.00 and a maximum of \$19,000,000.00. There is no minimum or maximum services quantity; the dollar limits govern. In the interest of minimizing the tracking burden on the contractor, the Contracting Officer and the requiring activity, and considering the large number of line items, individual line item quantities are not included in the contract.

## **3. INDEFINITE QUANTITY (FAR 52.216-22)(OCT 1995)**

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Delivery-Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may

issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after those specified in the delivery order and/or modifications which were issued prior to contract expiration. The Government may not act to extend the period of performance of any delivery order after the expiration date of the contract.

#### **4. DELIVERY ORDER AUTHORIZATION AND CONTRACT CEILING**

Delivery Orders issued under this contract shall be authorized only by a DOE Contracting Officer. Also, the maximum aggregate dollar amount of all Delivery Orders issued under this contract shall not exceed \$19,000,000.00. There is no minimum delivery order or task order amount. Tracking for this requirement is the reason for inclusion of an Authorization Number requirement in all Delivery Orders (see Contract Clauses B.6 and B.7).

#### **5. ORDERING (FAR 52.216-18) (OCT 1995)**

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders by the individuals or activities designated in the contract. Such orders may be issued from the date of contract award through the expiration date of the contract's period of performance.

(b) All delivery orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally or by written telecommunications only if authorized in the Schedule.

#### **6. DELIVERY ORDER LIMITATIONS (FAR 52.216-19) (OCT 1995)**

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than the Guaranteed Minimum Quantity, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor-

- (1) Any order for a single item in excess of the maximum quantity contained in Clause 2;
- (2) Any order for a combination of items in excess of the maximum quantity contained in Clause 2 or
- (3) A series of orders from the same ordering office within 5 calendar days that together call for quantities exceeding the limitation in subparagraph (1) or (2) of this section.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) above, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 5 calendar days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

## **7. ORDERING ACTIVITIES**

Supplies or services to be furnished under this contract shall be ordered by issuance of written delivery orders issued by a DOE Contracting Officer or authorized contractor/subcontractor official. Use of this contract is authorized to all DOE offices nationwide, and to DOE contractors and subcontractors for requirements associated with performance of their DOE effort only.

Headquarters delivery or task orders will be initiated by the Office of Information Management (SO-313), except for purchase card actions below \$25,000.00, which may be by any authorized cardholder.

At a minimum, each Delivery Order, including those placed by Credit Card, shall contain the information set forth below:

- (a) Contract Number and Delivery Order Number
- (b) Date of Delivery Order
- (c) Products ordered in the format specified in the Schedule, Clause B.5, Acquisition of Supplies or Services;
- (d) Required delivery location; also individual(s) authorized to accept delivery, if such a designation is desired
- (e) Required delivery date
- (f) Authorization Number (see above)
- (g) Delivery Order point-of-contact name, telephone number and FAX number
- (h) Billing instructions

- (i) accounting and appropriation data

The Contractor (ASRC) shall maintain a file of copies of each order and of each subsequent modification thereto, to be provided upon request to either the COR or the CO.

#### **8. WARRANTY MARKING.**

Warranty coverage shall be the standard commercial warranty as established by the product manufacturer for each ordered product. The Contractor shall mark all deliverables which have a commercial warranty with the following information:

- (1) the statement that a warranty exists;
- (2) the substance of the warranty;
- (3) the duration of the warranty;
- (4) the Contractor's point of contact for notification if supplies are found to be defective or incomplete (missing components, manuals, etc.).

#### **9. MARKING (APR 1984)**

(a) Each package, report or other deliverable shall be accompanied by a letter or other document which:

- (1) Identifies the contract by number under which the item is being delivered.
- (2) Identifies the deliverable Item Number or Report Requirement which requires the delivered item(s).
- (3) Indicate whether the Contractor considers the delivered item to be a partial or full satisfaction of the requirement.

(b) For any package, report or other deliverable being delivered to a party other than the Contracting Officer, a copy of the document required in (a) above shall be simultaneously provided to the office administering the contract, as identified in Section G of the contract, or if none, to the Contracting Officer.

#### **10. PACKAGING (APR 1984)**

Preservation, packaging, and packing for shipment or mailing of all deliverables hereunder shall be in accordance with good commercial practice and adequate to insure acceptance by common carrier and safe arrival at destination at the most economical rates.

#### **11. NOTICE TO THE GOVERNMENT OF DELAYS**

In the event the Contractor encounters difficulty in meeting delivery requirements, or when difficulty is anticipated in complying with any contract term or condition, or whenever the Contractor becomes aware that any actual or potential situation is causing, or may cause, delay to timely performance of the contract, the Contractor shall immediately notify both the DOE Contracting Officer and the Contracting Officer's Representative (if a DOE Headquarters requirement) in writing, or, for delivery orders placed by field activities and/or organizations, the individual designated in the delivery order in accordance with Clause B.9(g) above.

This notice shall provide all pertinent details of each delay. Government acknowledgment of this notice shall not constitute a waiver by the Government of any contract requirements, or any rights or remedies provided by law or under this contract.

**12. F.O.B. DESTINATION (FAR 52.247-34)(NOV 1991)**

**(a)** The term "f.o.b. destination," as used in this clause, means-

**(1)** Free of expense to the Government, on board the carrier's conveyance, at a specified delivery point where the consignee's facility (plant, warehouse, store, lot, or other location to which shipment can be made) is located; and

**(2)** Supplies shall be delivered to the destination consignee's wharf (if destination is a port city and supplies are for export), warehouse unloading platform, or receiving dock, at the expense of the Contractor. The Government shall not be liable for any delivery, storage, demurrage, accessorial, or other charges involved before the actual delivery (or "constructive placement" as defined in carrier tariffs) of the supplies to the destination, unless such charges are caused by an act or order of the Government acting in its contractual capacity. If rail carrier is used, supplies shall be delivered to the specified unloading platform of the consignee, except when the supplies delivered meet the requirements of Item 568 of the National Motor Freight Classification for "heavy or bulky freight." When supplies meeting the requirements of the referenced Item 568 are delivered, unloading (including movement to the tailgate) shall be performed by the consignee, with assistance from the truck driver, if requested.

If the Contractor uses rail carrier or freight forwarder for less than carload shipments, the Contractor shall assure that the carrier will furnish tailgate delivery, when required, if transfer to truck is required to complete delivery to consignee.

**(b)** The Contractor shall-

- (1) (i)** Pack and mark the shipment to comply with contract specifications; or
- (ii)** In the absence of specifications, prepare the shipment in conformance with carrier requirements;
- (2)** Prepare and distribute commercial bills of lading;
- (3)** Deliver the shipment in good order and condition to the point of delivery specified in

the contract;

(4) Be responsible for any loss of and/or damage to the goods occurring before receipt of the shipment by the consignee at the delivery point specified in the contract;

(5) Furnish a delivery schedule and designate the mode of delivering carrier; and

(6) Pay and bear all charges to the specified point of delivery.

### 13. DELIVERY LOCATIONS

Deliveries may be required to any location in the United States. The relevant Destination address(es) shall be provided as a part of each order. Outside the Washington DC metropolitan area, additional shipping charges may apply.

### 14. CORRESPONDENCE PROCEDURES (JAN 1990)

To promote timely and effective administration, correspondence submitted under this contract shall include the contract number and shall be subject to the following procedures:

(a) Technical Correspondence. Technical correspondence (as used herein, this term excludes technical correspondence where patent or technical data issues are involved and correspondence which proposes or otherwise involves waivers, deviations, or modifications to the requirements, terms, or conditions of this contract) shall be addressed to the DOE Contracting Officer's Representative (COR), with an information copy of the correspondence to the DOE Contracting Officer (see below paragraph (c) and to the cognizant Government Contract Administration Office (if other than DOE) designated in Block 31 of the Solicitation/Contract/Order for Commercial Items (SF 1449).

(b) Other Correspondence.

(1) If no Government Contract Administration Office is designated on the Contract Form of this contract, all correspondence, other than technical correspondence, shall be addressed to the DOE Contracting Officer, with information copies of the correspondence to the DOE Project Manager, and to the DOE Patent Counsel (where patent or technical data issues are involved).

(2) If a Government Contract Administration Office is designated on the Contract Form of this contract, all administrative correspondence, other than technical correspondence, shall be addressed to the Government Contract Administration Office so designated, with information copies of the correspondence to the DOE Contracting Officer, DOE Project Manager, and to the DOE Patent Counsel (where patent or technical data issues are involved).

(c) The DOE Contract Specialist for the contract is located at the address in (d) below and is as

follows:

Contract Specialist: Patrick A. Thornton

Telephone: (202) 287-1532

FAX Number: (202) 287-1456/1457.

Email: Patrick.Thornton@pr.doe.gov

The Contractor shall use the DOE Contract Specialist as the focal point for all matters regarding this contract except technical matters.

(d) DOE Contracting Officer address: The Contracting Officer address is as follows:

Contracting Officer (Do not use name of Contracting Officer)

U. S. Department of Energy

Headquarters Procurement Services

Operations Branch A-1/MA-541.1

1000 Independence Avenue S. W.

Washington, D. C. 20585

ATTN: DE-AM01-01SO30220

## **15. BILLING INSTRUCTIONS (APR 1984)**

NOTE: This clause applies only to Orders issued by DOE Headquarters. Billing instructions for Delivery Orders placed by DOE field activities or by authorized contractors or subcontractors shall be included in the Orders and all billing/payment actions will be accomplished by the ordering activity or firm.

(a) The Contractor shall submit the original and three copies of invoices or vouchers in accordance with the Payments provisions of this contract and in accordance with the payment provisions of the delivery orders issued under this contract.

(b) Each invoice or voucher submitted shall include the following:

- (1) Contract Number and Delivery Order Number
- (2) Contractor Name
- (3) Date of Invoice
- (4) Invoice Number
- (5) Amount of Invoice
- (6) Line items, quantities, unit and extended prices and period covered
- (7) DOE Authorization Number

Follow-up Invoices shall be marked "DUPLICATE ORIGINAL." For any questions regarding payment status of orders issued by DOE Headquarters, the contractor may call DOE Commercial

Payments, Germantown MD, at (301) 903-4340, fax (301) 903-5977. For delivery orders placed by field activities or organizations, the point of contact is designated by that ordering activity.

**16. CREDITS**

Any credits due to the Government may be applied against the Contractor's invoices with appropriate information attached. The Contracting Officer involved shall notify the Contractor and the Payment Office involved in writing of the reason for the adjustment.

**17. REPRESENTATIONS, CERTIFICATIONS AND OTHER STATEMENTS OF THE OFFEROR (NOV 1987)**

The Representations, Certifications and Other Statements of the Offeror, dated September 27, 2001 for this contract, are hereby incorporated by reference.

**18. TECHNICAL DIRECTION (JAN 1990)**

(a) Performance of the work under this contract shall be subject to the technical direction of the Contracting Officer's Representative (COR) identified elsewhere in this contract, or in the order. The term "technical direction" is defined to include, without limitation:

(1) Directions to the Contractor which redirect the contract effort, shift work emphasis between work areas or tasks, require pursuit of certain lines of inquiry, fill in details or otherwise serve to accomplish the contractual Statement of Work.

(2) Provision of written information to the Contractor which assists in the interpretation of drawings, specifications or technical portions of the work description.

(3) Review and, where required by the contract, approval of technical reports, drawings, specifications and technical information to be delivered by the Contractor to the Government under the contract.

(b) Technical direction must be within the scope of work stated in the contract. The COR does not have the authority to, and may not, issue any technical direction which:

- (1) Constitutes an assignment of additional work outside the Statement of Work;
- (2) Constitutes a change as defined in the contract clause entitled "Changes";
- (3) In any manner causes an increase or decrease in the total estimated contract cost, the fixed fee (if any), or the time required for contract performance;
- (4) Changes any of the expressed terms, conditions or specifications of the contract; or
- (5) Interferes with the Contractor's right to perform the terms and conditions of the

contract.

(c) All technical directions shall be issued in writing by the COR.

(d) The Contractor shall proceed promptly with the performance of technical directions duly issued by the COR in the manner prescribed by this clause and within his authority under the provisions of this clause. If, in the opinion of the Contractor, any instruction or direction by the COR falls within one of the categories defined in (b)(1) through (5) above, the Contractor shall not proceed but shall notify the Contracting Officer in writing within five (5) working days after receipt of any such instruction or direction and shall request the Contracting Officer to modify the contract accordingly. In the event any such instruction or direction by the COR falls within the categories defined in (b)(1) through (5) above and determined by the Contractor to be of an urgent or compelling nature, the Contractor shall notify the Contracting Officer by verbal means within 24 hours to be followed up in writing within 24 hours after verbal notification. Upon receiving the notification from the Contractor, the Contracting Officer will:

(1) Advise the Contractor in writing within thirty (30) days after receipt of the Contractor's letter that the technical direction is within the scope of the contract effort and does not constitute a change under the Changes' clause of the contract;

(2) Advise the Contractor within a reasonable time that the Government will issue a written change order.

(e) A failure of the Contractor and Contracting Officer to agree that the technical direction is within the scope of the contract, or a failure to agree upon the contract action to be taken with respect thereto shall be subject to the provisions of the clause entitled "Disputes - Alternate 1."

## **19. MODIFICATION AUTHORITY (APR 1984)**

Notwithstanding any of the other provisions of this contract, the Contracting Officer for the delivery order involved shall be the only individual authorized to:

- (a) accept nonconforming work,
- (b) waive any requirement of this contract, or
- (c) modify any term or condition of this contract.

**NOTE: The only exception to this Clause is the Contractor's authority to issue Schedule Update Letters (see Contract Clauses B.6 and B.7).**

## **20. INTERPRETATION OF CONTRACT REQUIREMENTS**

No interpretation of any provision of this contract, including applicable specifications, shall be

binding on the Government unless furnished or agreed to in writing by the Contracting Officer.

**21. BANKRUPTCY (FAR 52.242-13) (APR 1991)**

In the event the Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the Contractor agrees to furnish, by certified mail, written notification of the bankruptcy to the Contracting Officer responsible for administering the contract. This notification shall be furnished within five days of the initiation of the proceedings relating to bankruptcy filing. This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, and a listing of Government contract numbers and contracting offices for all Government contracts against which final payment has not been made. This obligation remains in effect until final payment under this contract.

**22. HANDICAPPED EMPLOYEE REQUIREMENTS**

The Department of Energy (DOE) takes a pro-active part in supporting the Handicapped Employee Program. Individual requirements are satisfied through the Information Technology Support program. Additional requirements over and above the ITS program are provided as needs arise. The Department of Energy requires the contractor to be in line with the following area:

“All work performed under this contract must be compliant with Section 508 of the Rehabilitation Act, 29 U.S.C. &794d, as amended. See [www.access-board.gov/sec508/508standards.htm](http://www.access-board.gov/sec508/508standards.htm) for details of Section 508 standards. This Act ensures that Federal employees with disabilities will be able to use information technology to do their jobs.”

<b>AMENDMENT OR SOLICITATION</b>		<b>CLASSIFICATION OF CONTRACT</b>		1. CONTR/FF	CODE	PAGE OF PAGES	
2. AMENDMENT/MODIFICATION NO. M009		EFFECTIVE DATE See Block 16.c.		4. REQUISITION/PURCHASE REQ. NO. 01-04SO30220.002		5. PROJECT NO. (If applicable)

## Skill Category Descriptions and Qualifications

The following is a list of skill descriptions that will be required under the service offering. This list is not exhaustive and will be updated as necessary.

### Contract Program Manager

**Functions:** The Contract Program Manager (PM) shall serve as the Contractor Manager and shall be the Contractor's authorized point of contact with the Contracting Officer. The PM shall interface with Government management personnel, the COTR, Contractor managers, and customer agency representatives. The PM is responsible for formulating and enforcing work standards, and assigning, scheduling and reviewing work. The PM disseminates policies, purposes, and goals of the organization to subordinates. The PM makes binding decisions on behalf of the company represented with regard to all aspects of the contract. In summary, the PM is the individual with overall responsibility for the performance of all Contractor efforts. This person shall be considered a Key Person.

**Experience:** A minimum of eight (8) years of management experience within the last ten (10) years is required. Five (5) years experience must be in the management of data processing, information, or telecommunications systems.

**Education:** A master's degree from an accredited college or university with a major in Business Administration, Computer Science, Engineering or other related scientific or technical discipline is required. Experience may be substituted for education with two (2) years of related experience substituted for one (1) year of education. The years of experience counted for education must be in addition to the minimum experience level required. Experience can not be substituted below the master's degree level.

### Site Manager

**Functions:** Plans, organizes, directs, and manages all Contractor functions at a specific Government site. This person shall be considered a Key Person.

Page 2

**Experience:** A minimum of eight (8) years progressive responsibility is required in the combined areas of automatic data processing, information systems, and telecommunications. Experience within the last five (5) years must include managing multiple projects simultaneously from initiation through completion, to include experience managing a contract of similar size and scope.

**Education:** A bachelor's degree from an accredited college or university with a major in Business Administration, Computer Science, Engineering or other related scientific or technical discipline is required.

### **Network Manager**

**Function:** Plans, organizes, directs, and manages all functions required to operate, maintain and enhance existing data and video networks in a LAN/WAN environment. This person shall be considered a Key Person.

**Experience:** A minimum of six (6) years experience in the management of large data networks including LAN, WAN, PPP, X.25 and Frame Relay type networks is required.

**Education:** A bachelor's degree from an accredited college or university with a major in Computer Science, Information Systems, Electrical Engineering or other related scientific or technical discipline is required.

### **Senior Network Engineer**

**Function:** Performs lead role in conducting in-depth studies of all aspects of data communications, including: radio, telephone, video, Local Area Networking, Wide Area Networking, communications security, and applying latest analytic and modeling techniques. Studies are to reflect, as a minimum, economic analysis, traffic patterns, trend analysis, busy hour conditions, contentions, problems, solutions, and alternatives. Working knowledge of technologies such as ISDN, ATM, X.25, Frame Relay, SONET, IBM SNA, Ethernet and Token Ring.

**Education:** A bachelor's degree from an accredited college or university with a major in Computer Science, Information Systems, Electrical Engineering or other related scientific or technical discipline is required.

## Page 3

**Experience:** A minimum of six (6) years of experience including three (3) years recent experience (within the last five (5) years) installing and maintaining network hardware and software. Experience working with diagnostic equipment such as time domain reflexometers, network sniffers, and protocol analyzers and network management systems.

**Advanced Network Engineer**

**Function:** Performs in-depth studies pertaining to data communications networks to include LANs, WAN, Video, Voice and Wireless systems. Studies are to reflect, as a minimum, traffic patterns, protocols, peak usage, problems, solutions and alternatives. Involved in the operation, management and enhancement of data networks of various technologies, including X.25, frame relay, ATM, Ethernet, FDDI, SMDS, Token Ring and SONET. Able to use latest tools to effect problem diagnosis and repair.

**Education:** A bachelor's degree from an accredited college or university with a major in Computer Science, Information Systems, Electrical Engineering or other related scientific or technical discipline is required. Education may be substituted with one (1) year of related experience for (1) year of college education. The years substituted to meet the education must be in addition to the minimum experience level required.

**Experience:** A minimum of four (4) years experience installing and maintaining network hardware and software. Experience working with diagnostic equipment such as time domain reflexometers, network sniffers, and protocol analyzers and network management systems.

**Network Design Engineer**

**Function:** Conducts in-depth studies pertaining to network configuration and strategies. Stays current with technological changes. Develops recommendations and proposed solutions to network related problems. Utilizes graphics software, such as AutoCAD, in the design and conceptual configuration of networks and network enhancements.

**Education:** A bachelor's degree from an accredited college or university with a major in Computer Science, Information Systems, Electrical Engineering or other related scientific or technical discipline is required.

**Experience:** A minimum of four (4) years experience designing large communication systems traversing city and state boundaries.

Page 4

### **Network Engineer**

**Function:** Conducts in-depth studies pertaining to data communication networks. Studies are to reflect, as a minimum, traffic patterns, protocols, peak usage, problems, solutions and alternatives. Involved in the operation, management and enhancement of data networks of various technologies, including X.25, frame relay, ATM, Ethernet, FDDI, SMDS, Token Ring and SONET. Able to use the latest tools to effect problem diagnosis and repair.

**Education:** A bachelor's degree from an accredited college or university with a major in Computer Science, Information Systems, Electrical Engineering or other related scientific or technical discipline is required. Education may be substituted with two (2) years of relative experience for one (1) year of college education. The years substituted to meet the education requirement must be in addition to the minimum experience level required.

**Experience:** A minimum of three (3) years of experience in the area of specialization.

### **Senior Network Technician**

**Function:** Installs, operates and maintains LAN/WAN hardware and software. Ensures the quality of the maintenance effort for each subordinate technician. May be required to establish priorities. Travels to different sites to perform on-site testing, maintenance, and installation of network hardware and software and perform related training. Responsible for on-the-job training of junior technicians. May have task leader responsibilities.

**Education:** An associate degree from an accredited college or university with a major in Computer Science, Information Systems, Electrical Engineering or other related scientific or technical discipline is required. Education may be substituted with two (2) years of relative experience for one (1) year of college education. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

**Experience:** A minimum of five (5) years of experience installing and maintaining LAN/WAN hardware and software. Experience working with diagnostic equipment such as time domain reflexometers, sniffers and protocol analyzers and network management systems. Novell CNE if experience is on Novell LANs or Microsoft MCPS if experience is on Windows NT.

**Network Technician**

*Function:* Installs, operates and maintains LAN hardware and software. Performs moves, adds, and changes (MACs) on the network. Performs preventive and emergency maintenance as required. Installs and maintains shared resources, file servers, database servers, routers, etc.

*Education:* An associate's degree from an accredited college or university with a major in Computer Science, Information Systems, Electrical Engineering or other related scientific or technical discipline is required. Education may be substituted with two (2) years of relative experience for one (1) year of college education. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

*Experience:* A minimum of two (2) years of experience installing and maintaining LAN hardware and software. Experience working with diagnostic equipment such as time domain reflexometers, network sniffers, protocol analyzers and network management systems.

**PBX Manager**

*Function:* Plans, organizes, directs, and manages all functions required to operate, maintain and enhance a PBX. This person shall be considered a Key Person.

*Experience:* A minimum of six (6) years experience in the management of a 10,000 port or larger PBX.

*Education:* A bachelor's degree from an accredited college or university with a major in Computer Science, Information Systems, Electrical Engineering or other related scientific or technical discipline is required. Experience may be substituted for education with two (2) years of related experience substituted for one (1) year of college education. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

**PBX Engineer**

*Function:* Conducts in-depth studies pertaining to voice switched networks. Studies are to reflect, as a minimum, traffic analysis, peak usage, problems, solutions and alternatives. Involved in the operation, management and enhancement of switched voice communications.

Page 6

**Education:** A bachelor's degree from an accredited college or university with a major in Electrical Engineering is required. Education may be substituted with two (2) years of relative experience for one (1) year of college education. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

**Experience:** A minimum of three (3) years of experience including one (1) year in the area of specialization.

### Senior Voice Engineer

**Function:** Perform lead role in conducting in-depth studies of all aspects of Telephony and switched voice. Must be familiar with ISDN, Digital PBXs, switched video, voice messaging, modem pooling, and trunk utilization.

**Education:** A bachelor's degree from an accredited college or university with a major in Electrical Engineering is required.

**Experience:** A minimum of six (6) years of experience (with the last four (4) years maintaining operation of a large digital switch of 10,000 ports or more).

### Senior Telecommunications Technician

**Function:** Operates and maintains switch hardware and software. Ensures the quality of the maintenance effort for each technician. May be required to establish priorities. Performs on-site testing, maintenance, installation and training. Responsible for on-the-job training of junior technicians. May have task leader responsibilities.

**Education:** An associate's degree from an accredited college or university with a major in Electrical Engineering, Electronic Technology or other related scientific or technical discipline is required. Education may be substituted with two (2) years of relative experience for (1) year of college education. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

**Experience:** A minimum of three (3) years of experience installing and maintaining switch hardware and software. Experience working with diagnostic equipment such as time domain reflexometers, BERTS, Firebird analyzers and switch management systems.

### **Telecommunications Technician**

**Function:** Operates and maintains switch hardware and software. Performs Moves, Adds, and Changes (MACs) on the system. Performs preventive and emergency maintenance as required. Installs and maintains phones, modems, data units and cabling.

**Education:** An associate's degree from an accredited college or university with a major in Electrical Engineering, Electronic Technology or other related scientific or technical discipline is required. Education may be substituted with two (2) years of relative experience for (1) year of college education. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

**Experience:** A minimum of two (2) years of experience installing and maintaining switch hardware and software. Experience working with diagnostic equipment such as tone tracers, butt set, and multimeters.

### **Senior Cable Technician**

**Function:** Implements, installs, maintains and repairs voice and data cable systems. Creates and maintains records on cable assignments, terminations, connections and directory headings, telephone, circuit, trouble and equipment types. Provides supervision and training of subordinate personnel.

**Education:** Requires a high school diploma or equivalent plus two (2) years of technical school training in a communications related field. Education may be substituted with two (2) years of relative experience for one (1) year of technical school. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

**Experience:** A minimum of five (5) years of experience installing and maintaining cable systems. Experience should include aerial and burial cable installations, termination of voice and data circuits including house wiring, copper and fiber.

### **Cable Technician**

**Function:** Implements, installs, maintains and repairs voice and data cable systems. Creates and maintains records on cable assignments, terminations, connections and directory headings, telephone, circuit, trouble and equipment types.

Page 8

**Education:** Requires a high school diploma or equivalent plus two (2) years of technical school training in a communications related field. Education may be substituted with two (2) years of relative experience for one (1) year of technical school. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

**Experience:** A minimum of two (2) years of experience installing and maintaining cable systems. Experience should include aerial and burial cable installations, termination of voice and data circuits including house wiring, copper and fiber.

### **Senior Video Technician**

**Function:** Operates and maintains video conferencing hardware and software. Ensures the quality of the maintenance effort for each technician. May be required to establish priorities. Travels to different sites to perform on-site testing, maintenance, and installation of video equipment and software and perform related training. Responsible for on-the-job training of junior technicians. May have task leader responsibilities.

**Education:** An associate's degree from an accredited college or university with a major in Electrical Engineering, Electronic Technology, Computer Science or other related scientific or technical discipline is required. Education may be substituted with two (2) years of relative experience for one (1) year of college education. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

**Experience:** A minimum of four-(4) years experience installing and maintaining video conferencing hardware and software. Experience working with diagnostic equipment.

### **Video Technician**

**Function:** Operates and maintains video conferencing hardware and software. Travels to different sites to perform on-site testing, maintenance, and installation of video equipment and software and to perform related training.

**Education:** An associate's degree from an accredited college or university with a major in Electrical Engineering, Electronic Technology, Computer Science or other related scientific or technical discipline is required. Education may be substituted with two (2) years of relative experience for one (1) year of college school. The years of experience substituted to

Page 9

meet the education requirement must be in addition to the minimum experience level required.

**Experience:** A minimum of three (3) years of experience installing and maintaining video conferencing hardware and software. Experience working with diagnostic equipment.

### Senior Programmer

**Function:** Performs analysis, design, programming, documentation, and implementation of applications which require knowledge of management information systems and related concepts for effective development, integration, and deployment of software. Participates in all phases of software development with emphasis on the analysis, coding, testing, documentation, and acceptance phases. Designs and prepares technical reports and documentation to record results. May be required to serve as task leader on a moderately complex combination of one or more delivery orders.

**Education:** A bachelor's degree in a related field from an accredited college or university.

**Experience:** Six (6) years progressive experience in the computer programming field, and experience with at least two high-level programming languages.

### Programmer

**Function:** Performs assigned portions of systems analysis, design, programming, documentation, and implementation of applications which require knowledge of management information systems and related concepts for effective development, integration, and deployment of software. Participates in all phases of software development with emphasis on the analysis, coding, testing, documentation, and acceptance phases. Designs and prepares technical reports and documentation to record results, and makes charts and graphs to record results.

**Education:** An associate's degree in a related field from an accredited college or university.

**Experience:** Three (3) years progressive experience in the computer-programming field, and experience with at least two high-level programming languages.

Page 10

### **Database Management Specialist**

**Function:** Directs and controls the activities related to data planning and development and the establishment of policies and procedures pertaining to its management, security, maintenance, and utilization. Sets and monitors standards. Advises management on data base concepts and functional capabilities. Designs and maintains required data bases.

**Education:** An associate's degree from an accredited college or university with a major in Computer Science, Information Systems or other related scientific or technical discipline is required. Education may be substituted with two (2) years of relative experience for one (1) year of college education. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

**Experience:** Requires a minimum of three (3) years experience working with administration of data bases. Must be experienced using data base report generators and query languages, such as SQL.

### **Help Desk Supervisor**

**Function:** Responsible for overall operation of the end-user Help Desk. Provides supervision and training for junior help desk personnel. Provides end-user help desk support by answering calls, determining the nature of problems, scheduling the appropriate technical resources, updating an automated data base with call information, and resolving problems.

**Education:** Requires an associate's degree in Computer Information Systems or a related discipline. Education may be substituted with two (2) years of relative experience for one (1) year of technical school. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

**Experience:** Four (4) years generalized computer information systems experience required and two (2) years experience in technical support role.

### **Help Desk Operator**

**Function:** Provides end-user help desk support by answering calls, determining the nature of problems, scheduling the appropriate technical resources, updating an automated data base with call information, and resolving problems.

## Page 11

**Education:** Requires a high school diploma or equivalent plus two (2) years of technical school. Education may be substituted with two (2) years of relative experience for one (1) year of technical school. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

**Experience:** Two (2) years generalized computer information systems experience required.

**CAD Drafter**

**Function:** Prepares layouts, drawings, and designs according to engineering specifications using computer-based applications. Reviews engineering drawings and supporting documents to verify accuracy. Analyzes design and confers with engineering staff to resolve details not fully defined.

**Education:** An associate's degree from an accredited college or university with a major in Drafting or other related technical discipline is required. Education may be substituted with two (2) years of relative experience for one (1) year of college school. The years of experience must be in addition to the minimum experience level required.

**Experience:** A minimum of two (2) years of experience doing computer aided design relating to information management and communication networks.

**Technical Writer/Editor**

**Function:** Provides technical writing and editing support for technical material as required. Duties may involve developing new documentation or updating existing documentation, which may include various user manuals, technical manuals, operations manuals, network plans, facility project plans, LAN/WAN schematics and order drawings.

**Education:** A bachelor's degree from an accredited college or university with a major in Technical Communications, Liberal Arts (with and English major or minor), Journalism or related discipline is required. Education may be substituted with two (2) years of relative experience for one (1) year of college education. The years of experience substituted to meet the education requirement must be in addition to the minimum experience level required.

**Experience:** A minimum of two (2) years writing and editing experience in the technical publication field.

Page 12

### **Technical Assistant**

**Function:** Maintains inventory records identifying the type, number, location and manufacturer of all data processing equipment and software, and associated costs. Assists in user support activities. Performs various system administrative and security related functions. Assists in maintaining the technical reference library by assuring adequate supplies of pertinent manuals, maintaining inventory records, and keeping records of manuals ordered and distributed. Assists staff personnel in research functions and support.

**Education:** Requires an accredited high school certificate with at least one (1) year additional technical training in Computer Information Systems. Education may be substituted with two (2) years of relative experience for one (1) year of technical school. The years of experience must be in addition to the minimum experience level required.

**Experience:** A minimum of two (2) years of experience in support of ADP project operations.

### **Training Specialist**

**Function:** Prepares training plans and course documentation. Plans, organizes, and conducts training classes.

**Education:** An associate's degree from an accredited college in a related field or two (2) years of college or university study in a related field. Education may be substituted with two (2) years of relative experience for one (1) year of college school. The years of experience must be in addition to the minimum experience level required.

**Experience:** Requires a minimum of two (2) years of experience in planning and conducting training classes related to computer information systems.

### **Administrative Assistant**

**Function:** Responsible for various administrative/clerical duties including coordinating office activities, word processing, travel administration, filing, records management, and preparation of correspondence.

**Education:** Requires a high school diploma or equivalent.

Page 13

**Experience:** Requires a minimum of one (1) year of experience in general office procedures, records management, word processing, database management, filing, and travel administration. Requires familiarity with word processing packages and other business applications software.

#### **Acquisition Specialist**

**Function:** Responsible for receiving or preparing and processing requests for hardware, software, and services. Advises government customers on product offerings. Checks status orders and provides assistance in resolving difficulties.

**Education:** Requires a high school diploma or equivalent.

**Experience:** Requires a minimum of two (2) years of experience in order processing and familiarity with networking components and terminology. Requires familiarity with word processing packages and other business applications software.

#### **Systems Consultant**

**Function:** Provides systems consulting on department/agency telecommunications matters on an as required basis.

**Experience:** A minimum of fifteen (15) years combined experience in the areas of data networks, switched voice, and video teleconferencing systems.

**Education:** A master's degree from an accredited college or university with a major in Business Administration, Computer Science, Engineering or other related scientific or technical discipline is required. Experience may be substituted for education with two (2) years of related experience substituted for one (1) year of education. The years of experience counted for education must be in addition to the minimum experience level required. Experience can not be substituted below the master's degree level

#### **Principal Telecommunications Information Management Specialist**

**Function:** Provides comprehensive end-user technical support including, but not limited to, configuring hardware; performing hardware/software installations; troubleshooting and correcting H/W and S/W problems; managing, designing, integrating and developing multi-

Page 14

media telecommunications information and records management programs; and resolving day-to-day system problems for client/customers. Exercises functional technical leadership over assigned staff. Duties require a variety of computing, data communication, and telecommunication skills, familiarity with various diverse operating environments, applications and equipment, and will vary depending on end user(s) serviced.

Responsibilities may encompass: operating systems programming, LAN administration, hardware and software technical support analysis, communications and network systems analysis, enterprise records management, configuration management, general end-user support and training, Microsystems analysis, data security analysis, quality assurance and testing, office automation, network operations, information systems auditing, production control analysis, and technical library support.

Principal level may provide functional guidance for tasks or individuals.

**Education:** Bachelors degree in a related field, or equivalent work experience.

**Experience:** Minimum of 7 – 10 years of related technical support experience.

### **Senior Telecommunications Information Management Specialist**

**Function:** Provides comprehensive end-user technical support including, but not limited to, configuring hardware; performing hardware/software installations; troubleshooting and correcting H/W and S/W problems; managing, designing, integrating and developing multi-media telecommunications information and records management programs; and resolving day-to-day system problems for client/customer. Duties require a variety of computing, data communications, and telecommunication skills, familiarity with various diverse operating environments, applications and equipment, and will vary depending on end-user(s) serviced.

Responsibilities may encompass: operating systems programming, LAN Administration, hardware and software technical support analysis, communications and network systems analysis, enterprise records management, configuration management, general end-user testing, office automation, network operations, information systems auditing, production control analysis, and technical library support.

Senior level may provide occasional functional guidance for tasks or individuals.

**Education:** Bachelors degree in related field, or equivalent work experience.

*Experience:* Minimum of 5-7 years of related technical support experience.

### **Telecommunications Information Management Specialist**

*Function:* Provides end-user technical support and/or analysis including, but not limited to, configuring hardware; performing hardware/software installations; troubleshooting and correcting H/W and S/W problems; managing, designing, integrating and developing multi-media telecommunications information and records management programs; and resolving day-to-day system problems for client/customer. Duties require a variety of computing, data communication, and telecommunication skills, familiarity with various diverse operating environments, applications and equipment, and will vary depending on end user(s) services.

An intermediate-level professional, the Information Management Specialist is a fully qualified individual producer who applies broad knowledge of technical concepts, practices and procedures. Incumbents are competent to work on fairly complex assignments (and/or portions of larger complex assignments) and perform a full range of technical support activities. The incumbent generally is a member of quick-response user support team and generally works under deadlines, operating independently to resolve end-user problems. Individuals must be able to use mature judgement in escalating problems without delay to higher levels for resolution. Considerable end-user interface by phone and/or in person.

*Education:* Bachelors degree in a related field, or equivalent work experience.

*Experience:* Minimum of 3-5 years of related technical support experience.

### **Associate Telecommunications Information Management Specialist**

*Function:* Provides basic end-user technical support and/or analysis including, but not limited to, configuring hardware; performing hardware/software installations; troubleshooting and correcting H/W and S/W problems; managing, designing, integrating and developing multi-media telecommunications information and records management programs; and resolving day-to-day system problems for client/customer end users. Duties require a variety of computing data communication enterprise records management, and telecommunication skills, familiarity with various diverse operating environments, applications and equipment, and will vary depending on end user(s) serviced.

Responsibilities may encompass: operating systems programming, LAN Administration,

Page 16

hardware and software technical support analysis, telecommunications and network systems analysis, configuration management, general end-user support and training, microsystems analysis, data security analysis, data security analysis, enterprise records management, quality assurance and testing, office automation, network operations, information systems auditing, production control analysis, and technical library support.

**Education:** Bachelors degree in a related field, or equivalent work experience.

**Experience:** Minimum of 1-3 years of related technical support experience.
